

Amendments to the Import Requirements of Highly Processed Patented Products of Animal Origin.

Warning:

Biosecurity is your responsibility. Heavy Penalties apply. If in doubt, declare it.

Import of Highly Processed Patented Products with less than 20% Animal Content.

The Biosecurity Authority of Fiji (BAF) has amended its Import Conditions for Highly Processed Patented Animal Products. These products are manufactured with Raw Materials or Ingredients of Animal Origin with total Animal Content not exceeding 20% in the Final Product.

The revised import conditions are as follows:

- Highly Processed Patented Products with less than 20% Animal Content requires an Import Permit issued by the Biosecurity Authority of Fiji (BAF)
- Highly Processed Patented Products with less than 20% Animal Content requires a Manufacturers Declaration.
- Highly Processed Patented products with less than 20% Animal Content is exempt from Veterinary Certification (Zoosanitary /Sanitary).

What you need to do

If you wish to import Highly Processed Patented Products which may contain Animal content as a raw material or ingredient not exceeding 20% in the final product, please apply for an Import Permit from BAF. Applications for Permits to Import Animal and Animal Products can be obtained from the BAF website www.baf.com.fj or email info@baf.com.fj.
